subjectDec. 16 in San Bernardino

Dear Larry;

Around 5 years ago I hosted you as you spoke to Kimbark Elementary and several other schools in San Bernardino, California. I am trying to get the funding to host you again on December 16, 2010, which is the last Teacher work day prior to most of our schools going on winter vacation. Can you tell me the cost? So far I have 12 schools interested in sharing the cost. Would there be a reservation fee due and then the balance when you arrive or does the whole amount need to be paid ahead of time? What is the maximum amount of "audience" you wouldn't mind presenting to?

Several of our schools were identified as one of the bottom 5% in the State, while Kimbark has soared, 185 point gain in 5 years. You are a motivator, entertainer, and someone who can give the other schools practical ideas to implement immediately. I would love to have you come again to present to our many interested schools.

Karen L. Hoag
Principal
Kimbark Elementay
909 880-6641

Can you email me at karen.hoag@sbcusd.com information and attach flyers.....

Or mail some flyers to share with others (I have almost 50 elementary schools in my district).

My address is:

Kimbark Elementary
18021 W. Kenwood Ave.
San Bernardino, CA 92407

Thank you and I hope this email finds you healthy and happy.

Thank you, Karen Hoag

Larry's Note: This school has been faithfully using Larry Bell's strategies for 5 years. Other schools around them with similar populations are in the bottom 5% in the state. It is the only one using my strategies.
