Hello Larry,

I want you to know our teachers at Riverside are still on fire after 18 weeks of school. Your in service is still the talk of the district and Riverside. Our teachers are teaching the unravel strategies everyday and tying them in with the FCAT testing. Your in service is the best I've been to in the 26 years I've been in education. A wrinkle with the information with inspiration quote, High Expectations are a result of Information with Inspiration.

Your friend,

John Ellerbee
