Hi Larry,

This is Scott Johnson, principal from Perry Meridian Middle School in Indianapolis. I wanted to let you know that the preliminary Adequate Yearly Progress report from the IDOE has been released showing that for the fall ISTEP+ scores PMMS made AYP for the 1st time in school history (AYP started in 2002)! We feel that your trainings and strategies have had a significant impact on our goal to raising student achievement. Thank you for your efforts in Perry Township and we look forward to continuing to work with you!!

Scott Wm. Johnson
Principal
Perry Meridian Middle School

Larry's Note: This school made AYP immediately for the first time ever and Larry Bell's strategies were some of the strategies they used.
