- Math “UNRA(A)VEL”- a test taking strategy for word problems.

“I have to say that your UNRA(A)VEL idea has made me look like a genius. I have been implementing it with my second graders and THEY LOVE IT!!! We give an assessment called the SCOE every theme, the students have been averaging 5 maybe 6 correct answers out of 10 on reading comprehension. The most recent SCOE was amazing!! All of them passed, passing is 7, what is amazing is 14 scored perfect 10 out of 10 on reading comprehension. I have never gotten results like that before.”
