Mr. Bell, I intend to write you a formal letter, but my world has been very very busy. WOW! What a powerful message. You said all of the right things in all the right ways to the people who really needed to hear you. I know your ears are just burning because everyone who heard you last Friday is still talking about YOU and WHAT YOU HAD TO SAY! I have received emails, phone calls and even stopped in the restroom by people who wanted to tell me how very much they enjoyed the session with you. The evaluations are EXCELLENT and everyone wants to bring you back to Wake County. I will send you copies of the evaluation sheets later this week so you can read for yourself what was said. Thank you for all that you are doing for children because they "need you." Your message gives credence to the quote, "children don't care how much you know until they know that you care". Keep up the good work and I look forward to seeing you again when you return to Wake County. Ann Hooker
