Mr. Bell,

I attended the session with the Hope Foundation at Myrtle Beach. Your presentation was the very best of my entire 19 years as an educator. You were simply MARVELOUS as well as empowering. I hope to see you somewhere again.

Do you have any of the words with music on CD? If that is "no", you really should do so. Some educators are uncomfortable singing aloud but will sing along. We have purchased Wrap-Up songs on tape for years. Why not an UNRAAVEL song on CD?

Thanks for coming to Myrtle Beach. I received so much more than I had imagined.
