Mr. Bell,

The LEAD Conference Committee appreciates very much the wonderful keynote presentation that you gave last week at the LEADership Conference in Nashville. You did exactly what we had hoped for in setting the tone for our conference. We have had many positive comments about the conference and I give you much credit for getting the participants in a frame of mind that allowed them to learn from and network with each other for three days. Also, there were many, many good comments about your Breakout Session. At a later time, we will send you the evaluation results from this session.

Thank you for inspiring educators to believe in all children so they all can achieve.

We wish you the best,

Gaye Hawks and Conference Committee
LEADership Conference
Nashville, TN
