Message: Dear Larry Bell,

I recently attended your seminar in Culver City in December of 2008. I have to say that your UNRAAVEL idea has made me look like a genius. I have been implementing it with my second graders and THEY LOVE IT!!! We give an assessment called the SCOE every theme, the students have been averaging 5 maybe 6 correct answers out of 10 on reading comprehension. The most recent SCOE was AMAZING!! All of them passed, passing was a 7, what is amazing is 14 scored perfect 10 out of 10 on reading comprehension. I have never gotten results like this before. My team members are starting to use it now and they are sure to see success as well. The important thing is that the students see the success and the value in UNRAAVEL. They ask me to give them passages to UNRAAVEL. My second graders and I thank you for sharing this great strategy with us.

Sincerely your awesomeness,  
Jered Phillips
