Larry,

Your seminar exceeded my expectations! As I told my principal, Ralph Kilgore, and my instructional supervisor, Brenda Maynard, this morning, the strategies I came away with were well worth the 6-hr. drive and a day of my spring break. When I talked with her, I also reported to Mrs. Maynard (Pike Co. B.O.E.) your generous offer to deduct \$1,000.00 from your fee for those attendees on spring break. Since it was she who highly recommended your seminar to me in the first place, she was, of course, delighted to hear that. I expect you will be hearing from her.

I look forward to receiving all the info you referred to yesterday!

Thanks again,

Linda
