Message: Mr. Bell!

I had a 100% passing rate on the TAKS this year, and 35% commended performance. I must tell you that when I put your math poster on the wall, one of my students said, "Oh no! That's the guy that ruined Mrs. Huvar and you!" Apparently they decided that your seminar "changed" us--they said that we were not "push overs" anymore! I thought that was really funny. I made sure and read your last letter to them--they all groaned! Thanks!
