Hello My Lovely One,

I just had to tell you what happen this morning before school started. We have been in school for three weeks now, and I have been "UNRAAVEL"ing plus "Twelve Words". You know that I have your picture many times in my room and that I sing high praises to you each day for the fun way to learn. As we were walking down the hall to class, one of my students, who is a bubbly little girl said, "You know, Mrs. Debbie that I had a dream last night about Larry Bell. We were singing the songs together and breaking it down. I was worn out when I woke up!" We all had a good laugh, and I told her that I would tell you.

I just want to thank you again for giving this thirty year classroom teacher another great idea for making learning fun. I love everything and the new DVD is awesome! They want to do the activities everyday and sing the songs at recess. When they sing together "Whatever It Takes", tears of joy overwhelm me. My promise ones are doing great, and they say to each other "Never-Never give up!" So, whatever it takes we are going to fly this year in Mrs. Debbie's fifth grade.

P.S. I got 100% on my last year TCAP'S. Remember that I am here if you need me.

Be looking for a blessing,
Debbie Rich
