I teach 10th grade English. You spoke at LaGrange in September and then I attended the New Orleans conference. It was amazing to see what the students did with the information. They loved the method and the graphic organizer for Unraavel. I had 20% make perfect scores on the written portion of the test too.

The teachers who did not use the method had 10 or so percentage points below ours.

Hi Kimmy

It is so good to hear of your tremendous success!!!

Which subject do you teach?

Thank you for letting me know

Keep in touch

Larry

I wanted to let you know that after using the Larry Bell Method, my students scored 92% on the End of Course assessment. When we debriefed, they told me that the UNRAAVEL method made it so much easier to read the passages. I appreciate your continued planning and your excitement which is needed to work with students.
